

CHALLENGE

MORE THAN A CONFERENCE
see what hundreds of EFCA churches
have already discovered

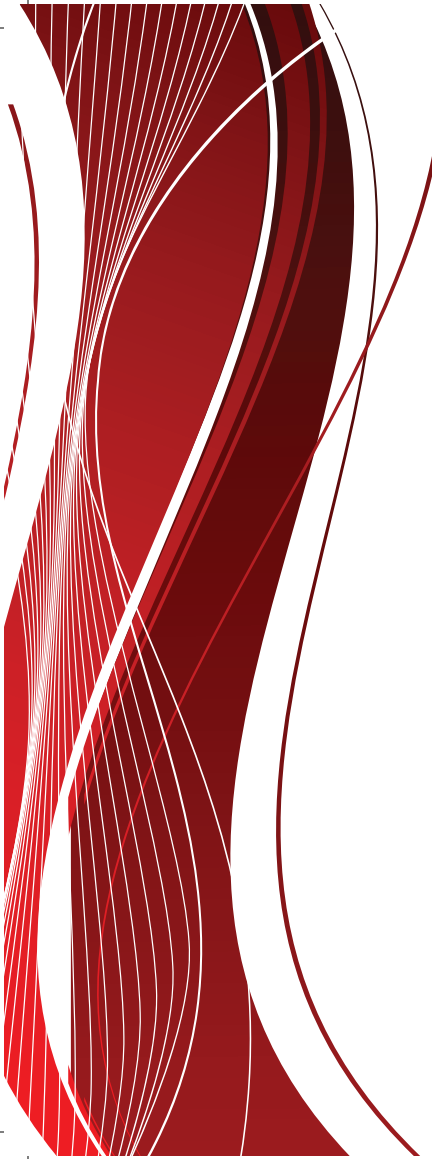

Want to move beyond the
mountaintop to building true
missional momentum? ➔

**➤ Challenge is a catalytic environment
that challenges students to live on mission
with God everyday, everywhere, forever.**

How will Challenge help you build momentum?

- Challenge provides a customizable environment allowing you to determine what your students need most.
- Pre- and post-Challenge resources expand Challenge beyond a mere week.
- Engaging students in transformational practices rather than emotionally driven tactics.
- Placing value in the relationships between students and the leaders walking alongside them before, during and after Challenge.

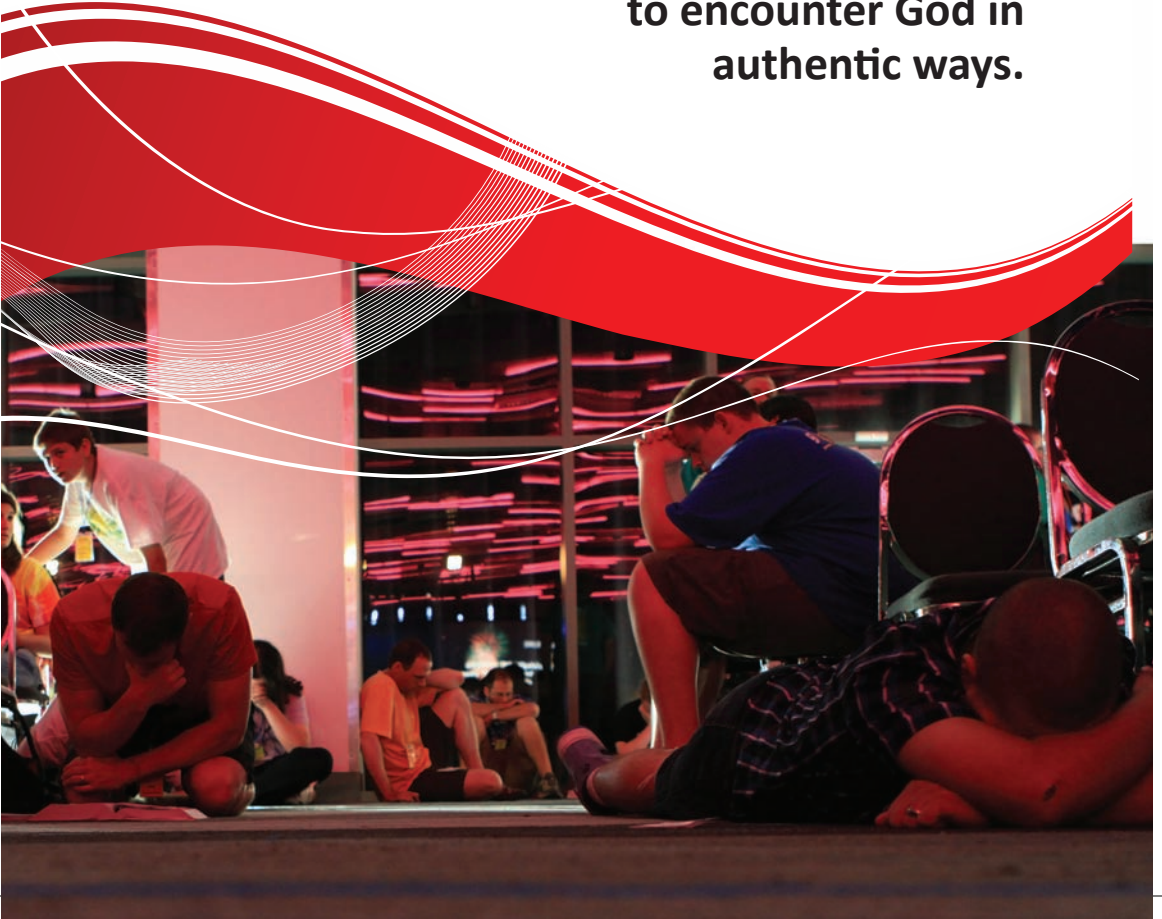

A man in a black t-shirt with a green 'N' and star logo, and white cargo shorts, is speaking on a stage. He has his hands clasped and is looking to the left. The background is a dark stage with blue lighting and a drum set. On the left side of the image, there is a large graphic overlay consisting of a black shape with red and white curved lines.

➤ We partner with speakers of integrity who you can trust.

↪ Learning Labs equip students with skills for the other 51 weeks of the year.

➤ **Sacred spaces for students
to encounter God in
authentic ways.**

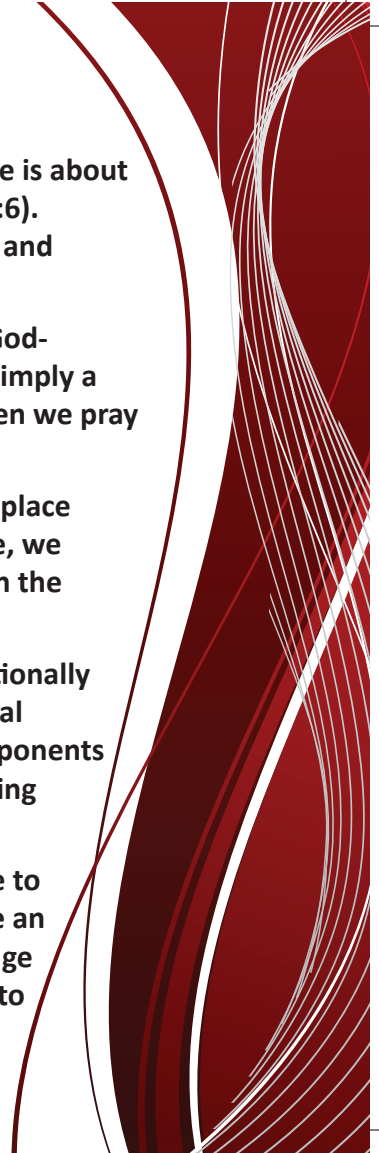

➤ Engaging students in service within our host city. Exposing youth to God's global heartbeat.

**Opportunities for
students to simply
be teenagers. ↗**

➤ Our Values

- **Jesus-Centered:** From start to finish, Challenge is about the glory of God in the face of Christ (2 Cor. 4:6). He's the one we want students remembering and talking about when they go home.
- **Prayerful:** Transformation is a supernatural, God-dependent process. Therefore, prayer is not simply a tactic, it is our transformational strategy. When we pray we know God moves.
- **Relational:** We believe spiritual growth takes place best in the context of relationships. Therefore, we create intentional opportunities to strengthen the connections between students and leaders.
- **Intentional:** We work hard to create an intentionally integrated environment that bleeds the central message throughout each of the diverse components of Challenge in order to create stronger learning environment.
- **Missional:** It's a trademark of every Challenge to partner with church planting in order to leave an enduring gospel presence behind. We challenge students to not only commune with God but to cooperate on mission with Him everyday, everywhere, forever.
